TWIST YOUR FACE COLOR CORRECTING GELTRAP™

Aspect : Green Geltrap
Packaging : Pump

Shine with your performances and not with your skin, thanks to this mattifying and anti-redness corrector!

SEPIPLUS™ S efficiently stabilizes and disperses the formula green pigments. These are rubbing out the redness caused by workout.

GELTRAP™ technology allows to bring freshness and an easy spreading, ideal for the *show* !

EMOSMART™ both grades association provides a light application with a soft and dry finish.

SEPIMAT™ H10 mattifies and absorbs the shine due to workouts.

EQUIBIOME™ balances the cutaneous microbiota for a harmonized complexion.

AQUAXYL™ reinforces the moisturizing power of the glycerin to create a powerful skin protective synergy!

Fresh, light, efficient, this corrector has all the skills to become your new dance accessory!

| Viscosity 1M at RT | 32 000 mPa.s Brookfield S4S6 |
| Viscosity 1M at 45°C | 33 000 mPa.s Brookfield S4S6 |
| Viscosity recovery at RT (after 1M at 45°C) | 31 000 mPa.s Brookfield S4S6 |
| Stability* | Stable after 1M at RT, 45°C and in thermal cycles from -5 to 40°C Stable after centrifugation (3 0000 rpm, 20 minutes) |

Raw materials from SEPPIC

SEPIPLUS™ S

Hydroxyethyl Acrylate / Sodium Acryloyldimethyl Taurate Copolymer and Polyisobutene and PEG-7 Trimethylolpropane Coconut Ether

Liquid and thickening polymer, pre-neutralized and easy-to-use. Very good resistance to electrolytes in a wide range of pH (3-12).

Good compatibility with pigments.

Sensory profile: feeling of long lasting comfort.

AQUAXYL™

Xylylglucoside and Anhydroxylitol and Xylitol

AQUAXYL™ moisturizes and restructures the skin by harmonizing the hydric flow of the skin. Water reserves are instantly boosted, water circulation is improved in all skin layers and water loss is reduced (*in vitro* and *in vivo* tests prove this efficacy). It's mechanism of action has been validated by cosmetogenomics. Cosmos and Natrue approved.

EQUIBIOME™

Propylene Glycol and Arctium Lappa Root Extract

Extracted from the roots of the famous Great Burdock (*Arctium lappa*), EQUIBIOME™ is an active ingredient maintaining the delicate skin-microbiota equilibrium for a perfect and harmonious skin.

Tested *in vivo* and *in vitro*, EQUIBIOME™ has shown powerful soothing properties and reinforces skin barrier.

EASYNOV™

Octyldodecanol and Octyldodecyl Xyloside and PEG-30 Dipolyhydroxystearate

Liquid lipophilic emulsifier. EASYNOV™ realizes emulsions with an internal gelled aqueous phase extra-rich in water by a cold process with gentle stirring: the GELTRAP™ emulsions. This novel formulation form offers surprising textures, marrying freshness and cushion effect.

SEPIMAT™ H10

Methyl Methacrylate Crosspolymer and Paraffinum Liquidum and Silica

SEPIMAT™ H10 is a hollow lipodispersible powder with excellent absorbent and mattifying properties. Its hemispherical shape makes it easy to press and perfect for loose, hot poured and pressed powder applications.

EMOSMART™ L15

C13 - 15 Alkane

EMOSMART™ L15 is a high-purity, non polar, and biodegradable emollient. This high purity alkane shows an excellent compatibility with all types of oils, especially with silicone oils. It gives a fresh and vanishing texture with a dry and matt afterfeel. Inert and stable, it can be used in all types of applications, even in extreme conditions (pH, oxidizing/reducing media...).

EMOSMART™ L19

C15 - 19 Alkane

EMOSMART™ L19 is a high-purity, non polar and biodegradable emollient. It shows an excellent compatibility with all types of oils and helps to disperse minerals (TiO2/ZnO). It gives a fresh and vanishing texture with a matt afterfeel. Inert and stable, it can be used in all types of applications, even in extreme conditions (pH, oxidizing/reducing media...).
