Plumping and restructuring action of **VOLUFORM™** helps shape the breast. (Palmitoyl Isoleucine)

Thanks to **VOLUFIRMING technology**, it is able to **fill & to give curves** to the thinned & sagging cutaneous zones by **targeting the cells responsible for plumping & firming**. It favours the effect of the adipocytes by stimulating their differentiation and limiting their degeneration (inhibition of altered adipocytes, MAD cells). The fibroblasts gymnastics make the **dermal meshing firmer & more dynamic**.

A real breath of oxygen and efficacy, **SEPITONIC™ M3** boosts skin oxygenation! (Magnesium Aspartate - Zinc Gluconate - Copper Gluconate)

Smart mineral complex. Cell chrono-energizing & anti-free radical agent. It increases cutaneous oxygenation (in vivo proven) and is active at any age, for **skin vitality, skin aging prevention & protection against stress & pollution**. It also boosts the efficacy of other active ingredient in formula.

EASYNV™ creates the W/O emulsion and provides a soft and velvet skin feel on the skin. (Octyldodecanol - Octyldodecyl Xyloside - PEG-30 Dipolyhydroxystearate) Liquid lipophilic emulsifier.

SEPIMAX ZEN™ texturizes and stabilizes the airy balm.

(Polyacrylate Crosspolymer-6)

Powder polymer with a MAXIMUM resistance to electrolytes (**high associative behavior**). Stable from pH 2 to 8, it enables the creation of formulas with a **specific skin feeling: rich, velvety & elegant**.

PHYTOWAX® OLIVE 18L57 is a texturizing agent, increasing the consistency and creaminess of formula (Hydrogenated Olive Oil Stearyl Esters) Innovative emollient wax from olive with a unique feel, totally non greasy, easily spreadable.

LANOL P brings consistency to the texture (Glycol Palmitate).
