

SKIN CARE

US20130 | Under Eye Recovery Serum

A white and creamy serum with freshness sensation

NATURALITY PROFILE according to ISO 16128 norm

Cooling Sensation

Dark circle eraser

Caffeine-like action

A	Water	75.75%
	Glycerin	3.00%
	ADIPOLESS™ ECO	2.00%
	ADIPOSLIM™	3.00%
	Benzyl alcohol - Benzoic acid - Dehydroacetic acid - Tocopherol	1.00%
B	SIMULGEL™ I-NS 100	3.00%
C	Organic Refined Cold Pressed Cucumber Oil**	3.00%
	DUB 810 C*	5.00%
	DUB ESTOLINE®*	2.00%
	EASYNOV™	2.25%
		With WESOURCE

White creamy solution / Packaging: Dropper

pH: N/A

VISCOSITIES: 1M at RT: 15.797 cps Brookfield RV spindle 64 @ 6 rpm

Recovery at RT (after 1M at 45°C): 8598 cps Brookfield RV spindle 64 @ 6.

STABILITY: Passed 3M at RT, 45°C, 3 F/T cycles -5°C/+40°C.

FORMULATION ADVICES: Laboratory scale - 300g

Combine Phase A ingredients and mix with saw teeth mixing blade. Adjust pH with sodium hydroxide to pH 5-5.5 and then add phase B and continue to shear until a smooth gel is formed. Combine phase C ingredients and mix well. Stop all mixing and pour all phase C onto phase AB. Start slow mixing with U-shape blade or sweeper at 100 rpm for 5 minutes and then increase to 300 rpm and mix for 10 minutes. Check to see if it is a GelTrap emulsion by mixing in water (it shouldn't disperse in water).

This cooling serum will cool, de-puff and reduce your dark circles

For a fresh and well rested look!

GelTrap™ W/O emulsion is created with **EASYNOV™**, emulsifying gelled water in a low amount of oil (Octyldodecanol and Octyldodecyl Xyloside and PEG-30 Dipolyhydroxystearate) Liquid lipophilic emulsifier. EASYNOV™ creates emulsions with a high internal gelled aqueous phase, with a cold process and gentle stirring; the GELTRAP™ emulsions. This novel formulation form offers **surprising textures, marrying freshness and cushion effect.**

SIMULGEL™ I-NS 100 jellify the internal water phase, that breaks and provides freshness during application (Hydroxyethyl Acrylate / Sodium Acryloyldimethyl Taurate Copolymer and Isohexadecane and Polysorbate 60) Pre-neutralized **liquid polymeric thickener** providing excellent oil stabilizing effect. It creates melting textures with a fresh skin feel.

DUB ESTOLINE®* a comforting and protecting emollient (Ethylhexyl polyhydroxystearate)

A highly structured liquid polymer ester with a surprising **honey-like yet non-sticky texture**. It provides a smoothing effect with a satiny finish, and cushion without an oily sensation.

DUB 810 C* improves the glide of the formula (Coco-Caprylate/Caprate) Natural ester with high spreadability, light skin feel and residual film for a smooth skin effect. DUB 810C has a similar sensory profile to cyclomethicone, and is a good alternative to isohexadecane or Dicaprylyl Carbonate due to its high spreadability.

Intense nourishment with the Organic Refined Cold Pressed Cucumber Oil** (Cucumis Sativus (Cucumber) Seed Oil); Absorbed quickly into the skin giving nice skin feel without tackiness.

ADIPOLESS™ ECO & ADIPOSLIM™ provide the best active combo for under-eye recovery

ADIPOLESS™ ECO visibly reduces dark circles (1,3-propanediol - Chenopodium Quinoa Seed Extract): An natural extract from the quinoa grains, acting on blood vessels and fat storage..

ADIPOSLIM™ provides a caffeine-like mode of action (Sorbitan Laurate & Lauroyl Proline) A proline amino acid vectorized to act on adipocyte functions, reducing fat storage.

ADDITIONAL INGREDIENTS: Benzyl alcohol - Benzoic acid - Dehydroacetic acid - Tocopherol Euxyl® K 903 (SCHULKE)
