With WESOURCE

Sparkly gold solution/ Packaging: Dropper

pH: N/A / **VISCOSITIES:** **1M at RT:** Low viscosity fluid
Recovery at RT (after 1M at 45°C): Low viscosity fluid
STABILITY: 3M at RT, 45°C, 3F/T cycles -5°C/+40°C.

FORMULATION ADVICES: 300 g - Overhead mixer

Combine phase A and mix well with overhead mixer. Combine phase B and heat to 55-60C and mix until completely dissolved to a uniform liquid. Add phase B to phase A under mixing. Then add phase C.

COLD
PROCESS

A soft body oil enveloping the skin in comfort while illuminating and softening the skin

Shake and apply on skin that needs some "Golden State" glow!

EMOGREEN™ L15 gives a refreshing and gliding sensation with a soft afterfeel. (C15-19 Alkane)

EMOGREEN™ L15 is a non polar high purity vegetable alkane, alternative to silicones. It gives a **fresh and gliding touch**, lightweight and non-greasy skin feel, and a **powdery finish**.

DUB 810 C MB* and **DUB OE HP MB***, two natural esters, alternatives to cyclomethicone, providing a nice glide on the skin during application and soft after feel.

DUB 810 C MB* (Coco-Caprylate/Caprate) has a high spreadability, light skin feel and leaves a residual film for a smooth skin effect.

DUB OE HP MB* (Ethyl Oleate) is comparable to D5 but with a better playtime. It impairs very good spreadability, ultra light skin feel & soft finish, reducing the oily feel.

A sustainable source of **olive squalane** with **PHYTOSQUALAN**** (squalene) A plant-based and sustainable source of squalane from Olive oil providing significant moisturization and helps restoring skin firmness and elasticity.

FLUIDANOV™ 20X is a smart emollient that helps to solubilize **LUMIPOD™** active in this clear oil (Octylododecanol and Octylododecyl Xyloside) Extra-fluid, easy-to-use, xylolipidic emulsifier, providing texturing effect in cream gels, stabilizing W/O emulsions and improving skin feel.

LUMIPOD™ is a natural tan boosting **AMINOVECTOR™** for a safe and natural glow all year round! (Isosorbide (and) Capryloyl/Capryloyl Leucine Isosorbide Esters) **LUMIPOD™** is a tan booster, acting in normal daily sun exposure, with a long lasting effect up to 2 weeks after use. It boosts melanin synthesis and melanosome transfer.

NATIVE ESSENCE™ is a detoxifying active extracted from a halophyte plant, Sea Fennel, which restores hydrolipidic barrier (ceramides 3 & 6) and provides radiance to the skin. (Caprylic/Capric Triglyceride and Crithmum Maritimum Extract)

ADDITIONAL INGREDIENTS: Gold Pearlescent pigment: Mica (and) Titanium Dioxide (and) CI 77491; KTZ* GOLD LAMÉ (KOBO) / Bronze Pearlescent pigment: Mica (and) CI 77491 (and) Isopropyl Titanium Trisostearate: KTZ* BRONZE D'OR-I2 (KOBO) / Fragrance "CRYSTAL SALTS" SZUS03555 (SOZIO)
